

ARMOUR COIN OPERATED LOCKERS - COIN RETURN

Armour Coin Operated Lockers are available in four sizes, with the option of up to 6 doors. All the shelves are galvanised making them corrosion-resistant, and powder coated with Germ Guard Active Technology to maintain hygiene levels in busier areas. They are reinforced with 0.7mm gauge steel and rubber buffers to ensure a robust and durable product.

GENERAL INFO & FEATURES

OPTIONAL EXTRAS

LOCKER STANDS

Locker stands suit all Armour Lockers. They raise the Locker from the ground to ensure easier cleaning in busier areas. They also add a seat to the Locker which helps with changing when putting shoes on for example. They are suitable for wet or dry areas.

ADDITIONAL SHELVES

Additional shelves can suit all Armour Lockers - however it is important to check the compatibility with your chosen Locker before you purchase as they may not be ideal for all. There are a range of sizes and the option of perforated shelves, which offers durability and ventilation.
