HEAVY DUTY ELECTRIC HEIGHT ADJUSTABLE WORKBENCHES

Laminate Worktops

- Very easy to clean – simple wipe down required after use
- Laminate material makes the surface very resistant to oil or forms of grease
- Solid 20mm thick worktop more than capable of meeting general day to day use
- Express delivery option of 5 working days on Laminate codes with green icon displayed

Linoleum Worktops

- Smooth working surface which is easy to maintain
- 20mm Lino thickness provides a solid working board
- Please note: If working around Alkalis this product is not recommended
- Durable, preserved appearance due to pigments that run throughout the material

Solid Beech Worktops

- Often preferred for DIY and woodwork applications
- Great 27mm thickness provides a sensible option for heavy duty working requirements
- To keep well maintenance: requires sanding as well as oiling down
- Express delivery option - 5 working days on Beech codes with green icon displayed
